

Estimated Cost to Enroll into Typical Web Course

Academic Year 2018 – 2019

Please know that the following costs are estimates only. True costs are verified by the Business Office at time of enrollment and according to the specific course a student enrolls. Tuition remains the same, but, fees will vary between on-campus or on-line courses and the type of class being taken. The following costs will provide the student with a close estimate for their planning purposes.

GENERAL EDUCATION The following three courses are examples of basic general education courses that transfer to area colleges and universities and into their general education core. As seen below, the total cost for one English, History or Humanities web course is \$530.75 per course.

HIGH SCHOOL CONCURRENT Students who are enrolled with CASC as a high school concurrent and who are eligible for a waiver of tuition will pay only the cost of the fees (\$257.00), cost of their textbook, and any other educational cost. Juniors at CASC will have 6 cr-hrs of tuition waived per semester and seniors will have their first 18 cr-hrs waived per academic year.
