Fall 2021 Semester

Special Notice

CASC is undergoing a software change for the Fall 2021 semester. So, students who enroll with CASC for the first time in the Fall 2021 semester will apply using the new Application posted on the homepage under the heading of FALL 2021.

Fall applicants may now apply online and attach all their required documents to the application. So, students should save all required documents to their hard drive as .pdf or picture file, including: Driver's License, SSN card or proof of SSN number, high school transcript, and ACT test scores. Official college transcripts may be sent electronically to CASC using e-transcript services offered by that college. Concurrent enrollment students may now apply online and must upload the Permissions Form for college acceptance and eligibility determined.

Once your documents are received and processed by Admissions Office, your records are activated and you will receive an email with instructions on how to enroll for the Fall 2021 semester.

Students will have online access to our new SELF-SERVICE module that offers a modern online experience with upgraded functionality for enrollment, advisement, financial aid and billing features, and so much more. So, please be patient with us as we launch this new product. Your feed back will help us make this transition more productive and the new SELF-SERVICE experience even better.....Thank you!!!
