Notation:

¹ General Zoology satisfies the General Education biological science course requirement for all Associate of Science majors.

² CHEM 1115 has a co-requisite of MATH 1513, or, MATH 1513 may be taken prior to taking CHEM 1115.

³ MATH 1513 prerequisite to MATH 1613; MATH 1613 prerequisite to PHYS 1114

⁴ Prerequisite of CHEM 1115; completion of ZOO 2124 strongly recommended prior to enrollment

⁵ Prerequisite of CHEM 1115

Notes: (Fall only courses: PHYS 1114 General Physics I) and (Spring only courses: PHYS 1214 General Physics II)
 (Poteau campus: BOT 1114 offered in Fall; BIO2155 in Spring)
 (Sallisaw campus: BIO 2155 offered in fall; BOT 1114 in spring)

Students are required to complete the following General Education and Major Requirement courses. Students who complete this associate's degree are prepared to transfer and continue their education at a four-year college/university. Students should consult with their academic advisor and refer to the 4-semester by semester program planning guide to understand course sequencing.

How to Use this “Semester by Semester Degree Plan”: Courses in this semester by semester breakdown are listed with several thoughts in mind. Prerequisites are listed first. Science, math, and major coursework are listed in order the course should be taken and in what term the course should be taken. Students should enroll into ORI 1111 and ENGL 1113, and any development courses in the first term. Courses listed in parenthesis are selections from which a student may choose. Enrollment into developmental courses will add to the total credit hour count, and may alter math and science enrollment rotations. -- While this is a guide to help the student with pre-enrollment, a study of the Course Schedule and a visit with an academic advisor is a must.

Estimated Program Cost: Students can complete this degree in four semesters (15-17 per semester).

The estimated cost of this program is approximated at: *61 credit-hours x \$127.25 per credit hour = \$ 7,762.25* (Please know that this cost does not include textbooks, supplies, developmental coursework, and other expenses, and is designed as an ESTIMATE only).

Actual program cost is based on Fall 2019 in-state tuition amounts and the final costs will vary from this estimate.
